Identify the parent Act for the requirement. What is the outcome of the screening for the parent Act on the ‘primary legislation checklist’ (http://tinyurl.com/psh3qd)?

**In scope and changes are needed**
This means that HMG considers that the requirement is not justified and changes are needed

Please check with the relevant Department what changes are planned and how they affect you

**In scope and the provisions are justified and will be retained**
The Act is in scope of the Directive with a report being prepared for the Commission. This means that HMG considers that the requirement is justified and will be kept

No further action

**Not in scope / repealed / devolved / still under consideration by a Government Department**

No further action

**The parent Act is not on the list**

Please answer the following questions

---

Requirements imposed on all service providers established in another member State who want to establish in the UK

Is the access to or exercise of a service activity subject to any of the requirements listed in regulation 21?

Such as discriminatory requirements on the location of a registered office.

**YES**
Go to A

**NO**
No further action

---

Requirements imposed on service providers established in another member State who want to provide services in the UK but do not want to establish in the UK

Is the access to or exercise of a service activity subject to any of the requirements listed in regulation 22.2?

Such as a requirement, which because of the specific nature of the service activity, reserves its access to particular service providers.

**YES**

Does the requirement apply to a person who provides a service of general economic interest, and is it necessary and proportionate for that purpose (regulation 22.4)?

**YES**
Go to C

**NO**
Go to B

---

---

**The requirement will need to comply with the Directive.**

Please complete a reporting form outlining the steps that you plan to take to comply with the Directive.

1 Derogations from Regulation 24 due to the MRPQ Directive

Regulation 24 is not applicable to professional bodies already complying with the MRPQ Directive. In this case you do not have to check whether your rules comply with regulation 24.

2 Derogations from Regulation 24 in Regulations 25 and 26

Regulation 25 specifies fifteen categories of services in relation to which regulation 24 does not apply. Regulations 26 contains measures allowing competent authorities to take action in spite of the rules in regulation 24 in exceptional circumstances, if necessary to ensure the safety of services.
