WATER SERVICES REGULATION AUTHORITY
WATER INDUSTRY ACT 1991, SECTIONS 7 TO 9

Variations of the Appointments of Independent Water Networks Limited and
Anglian Water Services Limited as Water Undertakers

Made on 3 September 2008

Coming into effect on 4 September 2008

1. Independent Water Networks Limited ("IWNL") and Anglian Water Services Limited
("Anglian Water") both hold Appointments as water undertakers for their respective
areas ("the Appointments"). The areas to which the Appointments of IWNL and
Anglian Water as water undertakers relate ("Water Supply Areas") are set out in their
Instruments of Appointment.

2. The site at Great Billing Way, Northampton which is shown edged in red on the plan
attached to this variation ("the Site") is within Anglian Water's Water Supply Area.
The Site is being developed by McCann Homes.

3. IWNL has applied under section 7(4)(b) of the Water Industry Act 1991 ("the Act") for
a variation of its Appointment as a water undertaker to include the Site and a
consequential variation to Anglian Water's Appointment.

4. On 27 June 1995, the Secretary of State for the Environment and the Secretary of
State for Wales acting jointly and pursuant to sections 6(1) and 7(2) of the Act
authorised the Director General of Water Services to make variations such as those
contained in paragraph 5 below. After public consultation as required by section 8 of
the Act, the Water Services Regulation Authority has decided that it should grant
IWNL's application without modification.

5. Therefore as provided by sections 7(2) and 7(4)(b) of the Act and with the agreement
of McCann Homes the Water Services Regulation Authority varies–

(a) the Appointment of IWNL as a water undertaker so that the Site is included in
IWNL's Water Supply Area; and

(b) the Appointment of Anglian Water as a water undertaker so that the Site is
excluded from Anglian Water's Water Supply Area.

Signed for and on behalf of the
Water Services Regulation Authority
