## Alexander Litvinenko: The Kremlin Pedophile

By Alexander Litvinenko  
July, 05, 2006

*This article was written by Alexander Litvinenko four months before his assassination.*

A few days ago, Russian President Vladimir Putin walked from the Big Kremlin Palace to his Residence. At one of the Kremlin squares, the president stopped to chat with the tourists. Among them was a boy aged 4 or 5.

'What is your name?' Putin asked.

'Nikita,' the boy replied.

Putin kneeed, lifted the boy's T-shirt and kissed his stomach.

The world public is shocked. Nobody can understand why the Russian president did such a strange thing as kissing the stomach of an unfamiliar small boy.

The explanation may be found if we look carefully at the so-called "blank spots" in Putin's biography.

After graduating from the Andropov Institute, which prepares officers for the KGB intelligence service, Putin was not accepted into the foreign intelligence. Instead, he was sent to a junior position in KGB Leningrad Directorate. This was a very unusual twist for a career of an Andropov Institute's graduate

with fluent German. Why did that happen with Putin?

Because, shortly before his graduation, his bosses learned that Putin was a pedophile. So say some people who knew Putin as a student at the institute.

The Institute officials feared to report this to their own superiors, which would cause an unpleasant investigation. They decided it was easier just to avoid sending Putin abroad under some pretext. Such a solution is not unusual for the secret services.

Many years later, when Putin became the FSB director and was preparing for presidency, he began to seek and destroy any compromising materials collected against him by the secret services over earlier years. It was not difficult, provided he himself was the FSB director. Among other things, Putin found videotapes in the FSB Internal Security Directorate, which showed him making sex with some underage boys.

Interestingly, the video was recorded in the same conspiratorial flat in Polyanka Street in Moscow where Russian Prosecutor-General Yuri Skuratov was secretly video-taped with two prostitutes. Later, in the famous scandal, Putin (on Roman Abramovich's instructions) blackmailed Skuratov with these tapes and tried to persuade the Prosecutor-General to resign. In that conversation, Putin mentioned to Skuratov that he himself was also secretly video-taped making sex at the same bed. (But of course, he did not tell it was pedophilia rather than normal sex.) Later, Skuratov wrote about this in his book Variant Drakona (p.p. 153-154).

12107	I think this looks really bad from such a distance. Not only are such accusations very damning, but, whatever happened to the acceptance of loving children just because we should ? Does an urge to show affection really demonstrate pedophilia ? It shouldnt, but in todays world, it always seems to. For some reason today, its not okay for adults to care about, or want to show affection to a particular child. Sometimes spirits are just attracted without cause, this does NOT necessarily mean a sexual attraction, yet, in todays world, seems like affection is not okay just for the sake of affection. This is damaging our world. Without evidence, I feel none should be accused, this does not leave out leaders, presidents, lawyers, etc.. The person that wrote this without really knowing is not right in my opinion. How can you justify this ? Do you honestly KNOW for a FACT that there were video tapes of putin ? Without KNOWING FOR FACT,,to me this is RUBBISH !!!!!!!!!!!!!

82234	Reading this trash, I begin to think that Putin is a real democrat not to sue the writers. Try to write such crap about Berezovsky, and you will see who is respecting freedom of speech even if it is bull shit.

82211	Many people in Moscow say he is a gay, his behaviour and manners are quite typical. Don't think they would kill Litvinenko if that was 100% lie.

24249	At the time this was written i think Litvinenko was on something. He wote a small piece of propaganda with very little real evidence, just hear-say. To really get soemthing like that to be believable there'd seriously have to be solid irrefutable evidence, and that would most likely take a book not some article and a one instance picture of a politician being a diplomat to his own people. And to that anonymous coward who doesn't wanna name themself, who said they must not have killed Litvinenko for no reason unless it were true, there are other reasons for litvinenko's death other than this sorry excuse of mud-slinging....or have you forgotten?

98199	If I pulled up a boys shirt and kissed him on the stomach, I would likely go to jail and then prison and then be on some reporting registry for the rest of my life. By the way, I live in the United States. Putin a pedophile? Maybe. Lucky for him he's in Russia.

208107	Obviously its true. Bush and all the US presidents are PICKED for these same reasons. It allows the vatican and jesuits to control their actions. If they step out of line then they run the risk of being smeared in the media. Its all a game. The cold war was a joke, Vietnam was a lie, why are 3rd world nations STILL 3rd world and industrialized nations still industrialized. You honestly dont think that if honest people were really in control of these CUNtries that we would still allow those 3rd world OIL FILLED countries and DRUG filled countries to stay the same way. Why do you think HITLER even had the "rumours" of being homosexual, pedophile, etc etc etc..... because they were true. Just like they still are about current world leaders. And then you have to look at where the LARGEST group of pedophiles are in the entire world. CATHOLIC CHURCH. Polygamy is bad and wrong and they allow federal agents to go tear all of that up but still to this day only a few catholic priests here and there get picked to be exposed to keep the attention off of them. Why are agents from ALL OVER THE WORLD not STORMING THE VATICAN to bring THOSE PEDOPHILES to justice. The world needs to start working together instead of being PROGRAMMED by all the TELEVISION PROGRAMS like the NEWS that everyone is so addicted to watching and believing. But thats ok, apathy is awesome.... so is ignorance.... go back to sleep... sleep is good sleep is comfortable and safe right... nobody could get away with anything if we all were asleep right?

8199	Why everyone interprets this image based on their understanding? In a wider prospective, this might be a custume or a funny behaviour within the russian culture. You westerners analyze everything you want but based on your understanding. Dudds!!! there are other places in the world other cultures and other custumes...go and lift up your pants after this credit crunch which proves some of your expertise in analysis.

20854	98199 obviouly is a bit off. if he did it, i would question. if a president does it its called "shaking hands and kissing babies."  i'm late on the story, so no one will read, but to put that label based on a picture and a mentally ill dead man is a crime. of humanity.
