25 July 2016

Dear Andy,

Directions for Diagnostic Imaging Data Set

Following consultation with HSCIC colleagues, NHS England has approved Directions to support the Diagnostic Imaging Data Set collection. The formal title of the Directions is as follows:

The Health and Social Care Information Centre (Establishment of Information Systems for NHS Services: Diagnostic Imaging Data Set Service) Directions 2016

I am now writing to issue these Directions to the HSCIC to enable the collection and analysis to commence or continue as planned. Please find enclosed the signed Directions.

Kind regards

Karen Wheeler
National Director: Transformation and Corporate Operations
